University of Missouri
Football Game

Going to a University of Missouri Football Game

I am going to the University of Missouri Football game at Faurot Field.

We may park in a parking lot or in a garage.

We may need to take a shuttle from our car to the stadium.

I will stay with my family and be safe in the parking lot.

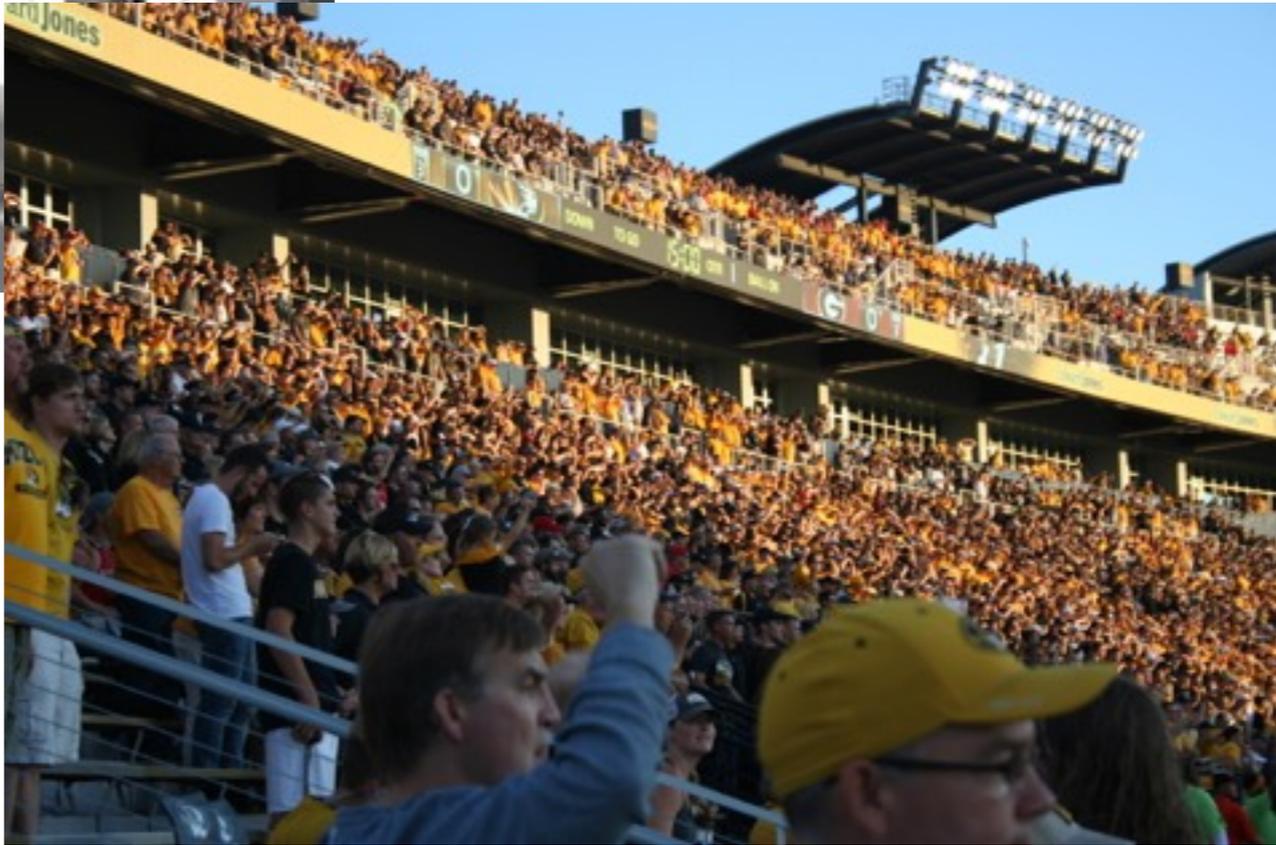

When we go into the stadium, we may need to wait for someone to take our tickets and check our bags.

There may be a line. I need to stand in line and wait with my family.

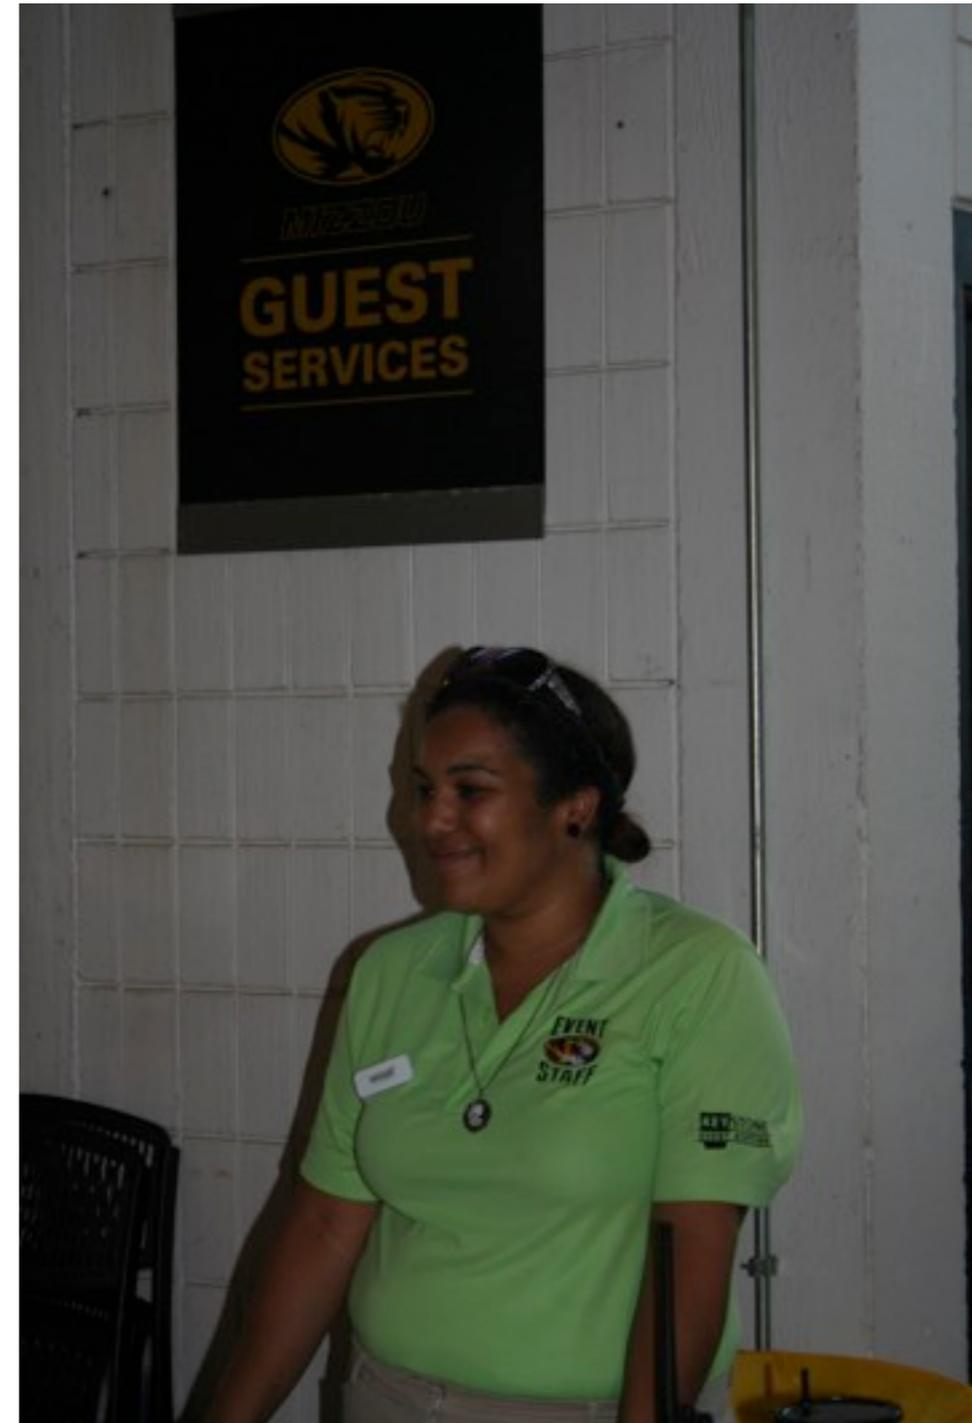

Next, we can find our seats. We may need to walk down some hallways and up or down some stairs.

There will be a lot of people there and may get loud. If it is too loud I can ask to wear ear plugs or headphones.

If we need something or have a question we may go to Guest Services or ask someone who works at the stadium.

Before and during the game there may be some loud noises. There is a band that plays songs.

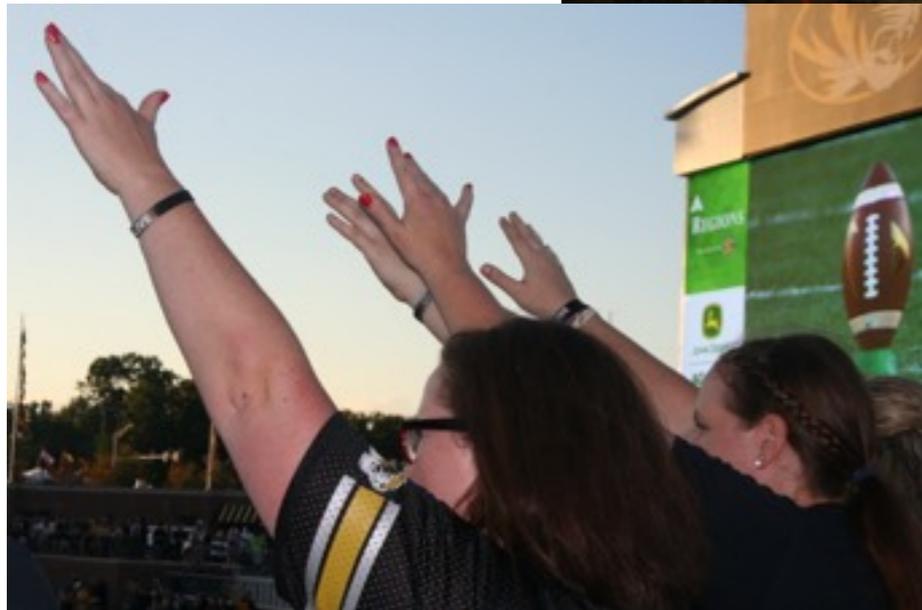

There will be music that may play over the speakers.

Announcers will talk about the game over the speakers.

During the game, other fans will cheer.
When the other team has a third down the
announcers will ask the crowd to GET
LOUD.

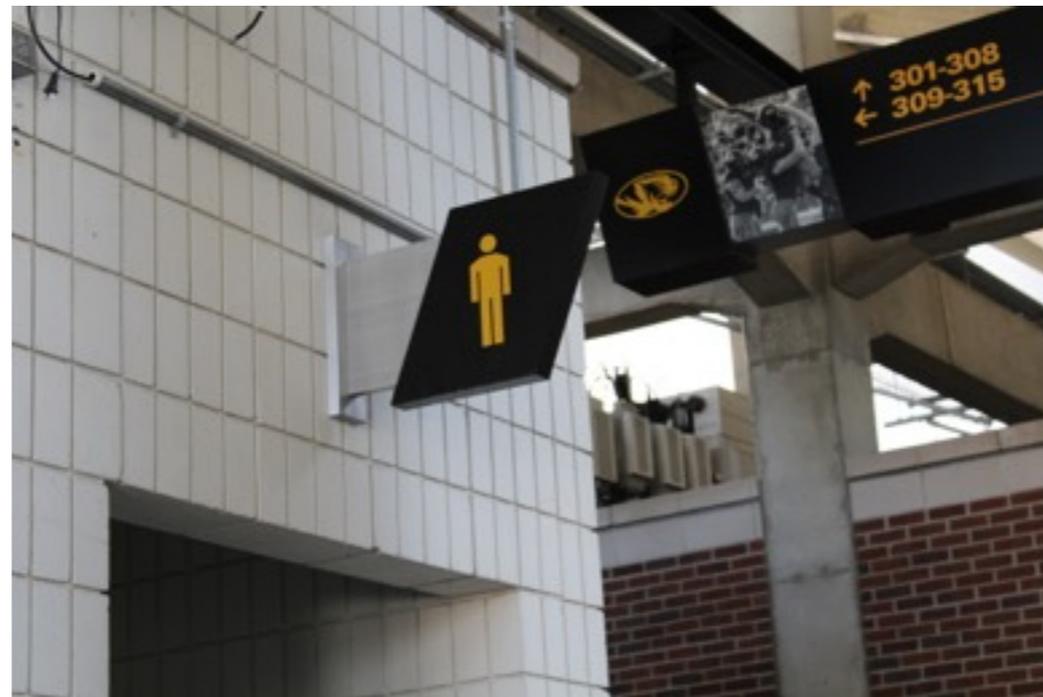

When the Mizzou football team scores a touchdown a loud cannon sound will happen and fireworks may be set off.

There are concession stands to buy snacks.
We may or may not buy snacks.

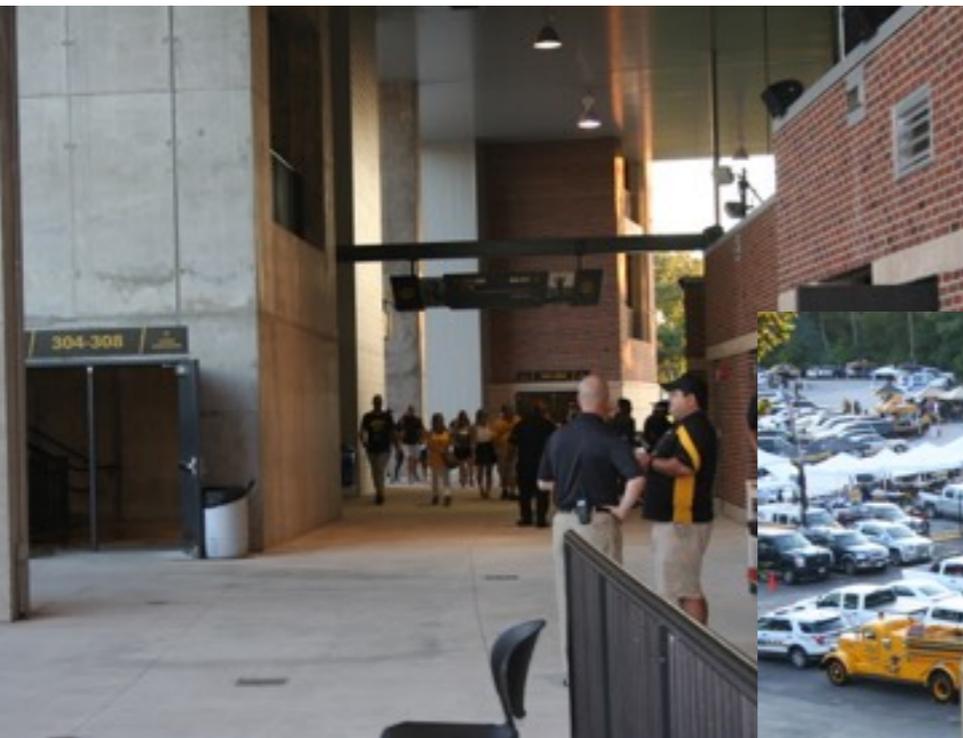

There are bathrooms are close by that I can use during the game.

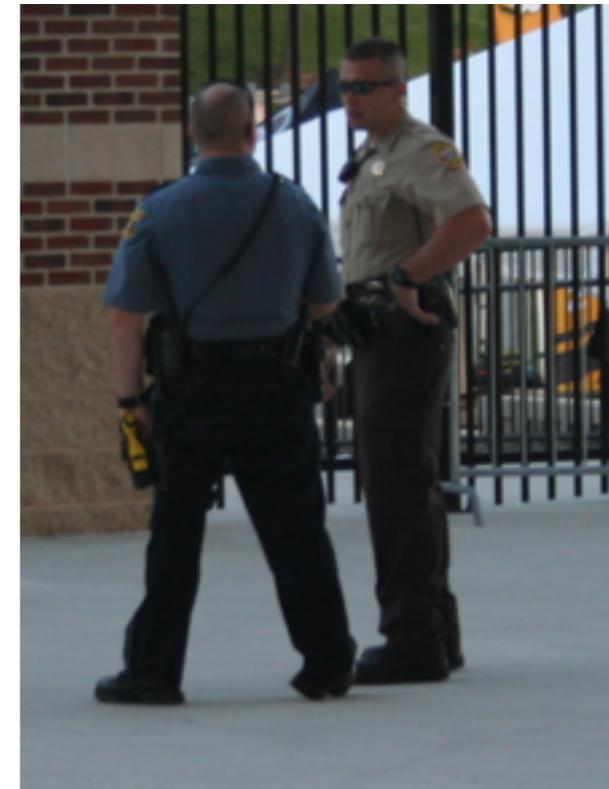

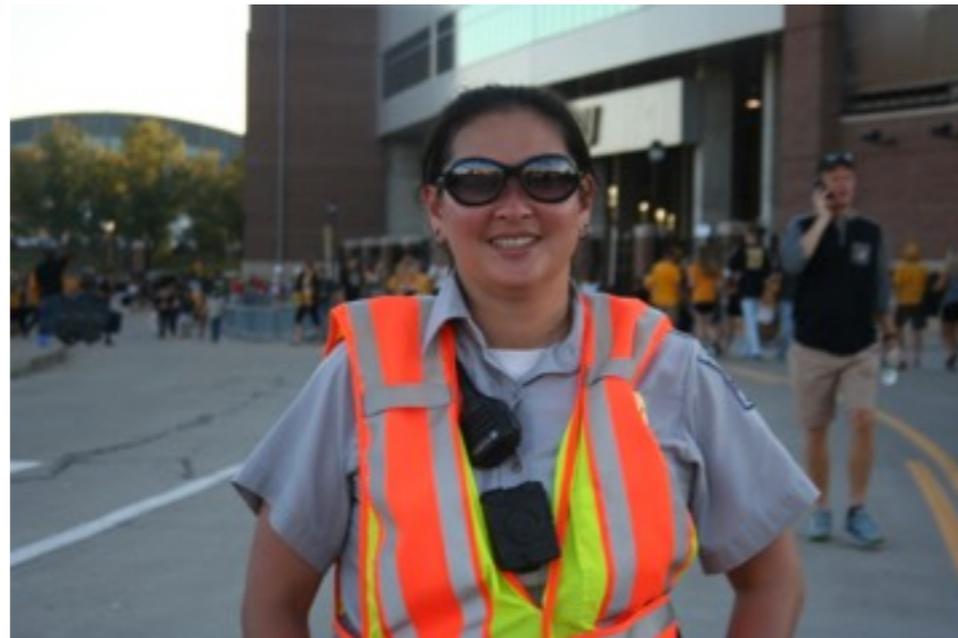

In the bathrooms there are speakers where you can hear the announcements during the game. These may be loud.

If I need a break I can ask to go to a quieter place.
I can walk in a quiet place like the East Tower by the South Entry. I can also take a

At the football game and on the street there may be police officers and traffic officers.

If we need help or if there is an emergency we can ask an officer to help

When the game is over, we will leave the game and drive home.

Going to MU Football games is fun!
