

Going to the University of Missouri Museums of Anthropology, Art and Archeology

I'm going to the Museums of Anthropology, Art, and Archeology in Columbia, Missouri.

I will stay calm and be safe. I will stay with the adults who brought me.

There are many things to see at the museums. First, we will park the car. I will stay with my adults and be safe in the parking lot.

Then, we will walk in the front doors of the building. They slide open when I walk through them. I will walk through the doors one time.

Next, I will take the elevator to the second floor. I will only push the button I need. I will push the button one time.

When we get off the elevator, we will sign in at the desk. The people at the desk can help me if I need help.

There are some rules at the museums. We will put our bags and jackets in a locker or cubby before we see the exhibits. I will leave any food and drinks in the lockers. I will keep my hands at my sides or in my pockets. I can take pictures, but the camera's flash must be turned off.

Lockers Available for Museum Visitors

The lockers are considered "shared use". The user sets his/her own 4 digit passcode. The passcode is erased after each opening of the locker. The museum guard staff can assist with any problems, including cases of forgotten passcodes.

To Close:

- 1.) Select any available/open locker. Red light will flash for lockers already in use
- 2.) Press "ZEPHYR" button
- 3.) Enter self-selected 4 digit passcode
- 4.) Press "ZEPHYR" button

*Door must be completely closed and latched for lock to engage

To Open:

After I put my things in a locker, I will walk around and look at the exhibits. I will stay calm and be safe. I will stay with the adults I came with.

I can take a break in The Quiet Space if I need to. I can play with toys if I need them.

I will listen to the adults who brought me. I will ask if I need anything.

When we are finished at the museums, I will go down the elevators to the car with the adults who brought me. I will push only the button I need. I will push the button one time. I will be safe in the parking lot.

It is fun at the Museums of Anthropology, Art, and Archeology!
