

# Going to Missouri River Relief

I am going to Missouri River Relief to see the Missouri River!

I will stay calm and be safe. I will stay with the adult I came with. I will tell an adult if I need something.

I will get to go on a boat. I will be safe!

I will listen. I will sit on my bottom. I will keep my life jacket on.

I will be quiet when the instructor is talking. I can tell an adult if I need something. I will keep my hands and feet to myself.

Now it's time to go home. I had so much fun learning about the Missouri River!
