

# Going to the Agriculture Park

I am going to Agriculture Park! The Agriculture Park is not like a normal park, they do lots of cool things!

People at the park get the land ready for growing food and then they plant seeds.

I will stay calm and stay with the adult I came with. I will make sure to watch where I walk.

I will tell an adult if I need something. If I need to go to the bathroom or get a drink, an adult will help me.

I might see a schoolhouse. In the schoolhouse are tables where I will learn things.

I will listen. I will sit on my bottom in the chair. I will raise my hand if I have a question.

Next to the schoolhouse is a playground. I will wait to play on the playground until an adult tells me I can. Waiting can be hard, but I can do it!

If I do not get to play on the playground, that's okay. I will stay calm.

The Agriculture Park has a big barn!

There are lot of tools in the barn.  
I will be safe and keep my hands  
to my side. An adult will tell me if  
I can use or touch one.

When I'm outside, the sun might be bright. If the sun hurts my eyes or feels too hot, I can tell an adult.

Sometimes there are machines that make noise. If the sounds are too loud, I can tell an adult.

I might also see bugs! If I don't want to be near a bug, I can take deep breaths and ask an adult for a break.

Now it's time to go home. I had so much fun learning and exploring at the Agriculture Park!
